HOW TO STUDY THE BIBLE BY MAX LUCADO

PART 3

Then first step in understanding the Bible is asking God to help us. We should read prayerfully. If anyone understands God's Word it is because of God not the reader.

But the Helper will teach you everything and will cause you to remember all that I told you. The Helper is the Holy Spirit whom the Father will send in my name. (John 14:26)

Before reading the Bible, pray. Invite God to speak to you. Don't go to Scripture looking for your idea, go searching for His.

Not only should we read the Bible prayerfully, we should read it carefully. *Search and you will find*, is the pledge. The Bible is not a newspaper to be skimmed but rather a mine to be quarried. *Search for it like silver, and hunt for it like hidden treasure. Then you will understand respect for the Lord, and you will find that you know God (Proverbs 2:4,5)*

Any worthy find requires effort. The Bible is no exception. To understand the Bible you don't have to be brilliant, but you must be willing to roll up your sleeves and search.

Be a worker who is not ashamed and who uses the true teaching in the right way. (2 Timothy 2:15)

Here's a practical point. Study the Bible a bit at a time. Hunger is not satisfied by eating twenty-one meals in one sitting once a week. The body needs a steady diet to remain strong. So does the soul. When God sent food to His people in the wilderness, he didn't provide loaves already made. Instead, He sent them manna in the shape of *thin flakes, like frost...on the desert ground (Exodus 16:14)*
